Partial bursaries equivalent to approximately 30% of the tuition fees for these courses will be made available to successful applicants that will be commencing their studies for these courses in 2019.

Students that submit complete applications will automatically receive a letter informing them how to apply.

Successful applicants will:

- Be South African citizens
- Warrant financial assistance

There are a limited number of bursaries available. Previously disadvantaged South African citizens will receive preference. Applicants will also qualify on the basis of academic merit.

Applications are considered on a first-come-first-served basis and at the sole discretion of the Programme Director for the African Energy Leadership Centre, Wits Business School.

Wits Business School reserves the right not to award partial bursaries.

Successful Applicants will sign and enter into a bursary agreement spelling out conditions of acceptance including repayment of bursary where appropriate, for example, failure to complete the course. No bursary amounts will be off-set against a student's academic fees unless such a bursary agreement has been signed by the student concerned. Timing of the disbursement of the bursary will be at the discretion of Wits Business School.
