

New Managers Programme

Executive Education

WITS
UNIVERSITY

Are you ready to take your first step into management? Are you a technical expert growing into a general or senior management role?

The ability to understand the different divisions within an organisation and to adopt improved ways of managing self and others are key to business success. The New Managers Programme (NMP) is the first step in the transition from a technical to general management role. The NMP introduces new managers to business principles and skills in a variety of management areas, including management accounting, project management, people management and marketing.

Wits Business School, Executive Education presents a block release course:

“

Doing NMP with WBS has provided me with the basic and highly valuable skills as I prepare myself for a leadership role within my organisation. The programme had practical examples which I could relate to my real situation at work. I am looking forward to my next challenge (PDBA) of which I am certain that the foundation laid through NMP will carry me throughout this Diploma.
